

**ORDER:-** (*Justice Syed Shahid Bahar, J*). With due respect I would like to express my point of view regarding the matter that as counsel for the petitioner straightforwardly came forward with the request to withdrawal of the writ petition and categorically alleged that he does not want to press this petition. Thus, controversy at hands remains mere academic questions now, and academic questions are not normally answered in an extraordinary jurisdiction at random.

So far as the question of mental ailment or fitness of the petitioner is concerned; adjudication of the same is not a job of this Court. Therefore, the petition at hand merits no consideration, thus, same stands dismissed on account of withdrawal.
